SUPREME COURT DISMISSES CASE AGAINST SUPERVISORS

New Election At Caesar For Supervisor Beat 4

Observations...

By the Editor

Mrs. Joseph Kern has been named chairman of the cleanup committee for the Bay-Waveland Garden Club. We think she has a job ahead. . . . How to go about getting people to clean their empty lots, and even to some the home premises seems to be a man size job. . . . It seems to us that there should be enough civic pride demonstrated by all property owners of Bay St. Louis to want to keep their city clean. . . . So little thought is given in this direction that at times it appears a hopeless case to ever have the little town in a spic and span condition. . . . Of course, we think the city fathers should lead the way. . . . The street area, that is the sides, in some sections have not had the underbrush cut for the past 20 years; and it is just a thought, that since the streets have been surfaced some of the city labor could be diverted to this project. . . . It may be an incentive to some people. . . . and while on the subject of clean up. . . . We thought that the city had an ordinance which provided that the city could clean up vacant lots and charge the labor to the owners if they failed to keep them clean. . . . Do we have such an ordinance. . . . If we have, the exercise of it would certainly do much good. . . . After all, we should bear in mind that the first impression a visitor to our city has is the most lasting; and weeds and underbrush are an eye sore. All it takes is the will to do to make Bay St. Louis one of the prettiest and cleanest cities in the State. . . . Do you want it that way? If you do, you are the ones who will make it possible. . . . Take pride in your premises and keep them up.

Pfc. Raymond Traub, son of Mrs. August Traub, 429 Main street, was promoted to the rank of Corporal September 13, 1951. Traub, who is serving with the U. S. Army in Korea, is a member of the 9th Field Artillery Battalion.

Coast Art Group Plans Exhibit

The Fall exhibition of the Gulf Coast Art Association will be held in the Marine Room of the Markham hotel in Gulfport, November 4 through November 12. Horace Russ, vice-president of the organization, announced this week.

All entries from Bay St. Louis must be delivered to Mrs. Gertrude Sauter before November 1, he added.

4 Hens To Sell Chickens Here

Members of the Hancock County 4-H Poultry Chain, sponsored by the Sears Roebuck Foundation, will hold a show and sale Saturday, November 3, at the Knights of Columbus hall. There are 12 members of the chain and each will bring 12 pullets to be judged and sold to the highest bidder. Money that is made from the sale of the pullets will be used to enlarge the chain next year.

This will be an opportunity to purchase high quality pullets and to help the Poultry Chain remain active.

Cue & Gex Bid In Wiggins Contract

Cue and Gex Construction Inc., with offices in Bay St. Louis, were the lowest bidders, with a bid of \$47,500, and were awarded the contract for the graveling, widening and black topping of five and one half miles of road at Wiggins, Stone County.

This construction is under the State Aid program, and J. R. Rollins of this city is the engineer.

A spaghetti supper, church fair and benefit bingo game will be held for St. Joseph's Parish in Pearlington Saturday, October 20, from 7:00 to 11:00 p.m. Try and attend as it is for a worthy cause.

At the hearing of the petition of Lander Necaise, a candidate for the office of Supervisor of Beat 4 in Hancock County in the second primary election held August 28, 1951, contesting the action of the Hancock County Democratic Executive Committee in declaring Jack Lott the nominee in said election, was held Thursday morning, with Chancellor Neville Patterson, of Monticello, Mississippi, presiding over the special tribunal set up under the corrupt practices act. The Court ordered a new election to be held in the Caesar Precinct for the office of Supervisor Beat 4, Tuesday, October 16, 1951.

Mrs. A. Mauffray To Head N. C. C. W.

Mrs. Alden Mauffray of Bay St. Louis was unanimously elected president of the Bay St. Louis District of the National Council of Catholic Women at a meeting held here Wednesday afternoon, October 10.

Mrs. P. J. Treutel, Bay St. Louis, was named secretary-treasurer.

At the meeting, opened with prayer by Rev. Father E. P. Desmond, Mrs. C. Galloway, president, presided; and members from the parishes of St. Thomas Church of Long Beach, St. Paul's Church, Pass Christian, and Our Lady of the Gulf Church, Bay St. Louis, were in attendance.

A letter, commending Mrs. V. J. Piazza and the members of Our Lady of the Gulf Altar Society who recently entertained veterans in the Insulin Ward at the V. A. hospital, was read along with another letter from Mrs. Pitchford, Diocesan President concerning the National Convention of the N. C. C. W. to be held in Biloxi in November.

A vote of thanks for the accomplishments performed during their tenure of office was given the outgoing officers—Mrs. Galloway, president and Mrs. Martin Farrelly, secretary-treasurer. A vote commending the new officers was also tendered, and the organization expressed its thanks and confidence in their willingness to lead in the N. C. C. W.

Father O'Malley, pastor of St. Thomas Church, spoke of the need for Catholics to welcome new members into their church and help them become acquainted and active in the various church organizations and in the work of the National Council.

Father Desmond stated the need of the true realization of the meaning of "Christmas" and asked the members to work towards bringing this out. He distributed small pamphlets, entitled "Christ in Christmas," embodying a slogan, "Put Christ Back Into Christmas."

At the conclusion of the meeting, after Monsignor A. J. Gmelch gave the closing prayer, members of this parish served refreshments and a social hour was enjoyed during which plans for the new year were discussed.

VISITS HERE

Miss Esther Helm of Jackson, State Representative for Infantile Paralysis, visited in Bay St. Louis last Thursday. She spent the afternoon with Mrs. Theo Tudury, County Chairman, in the interest of polio.

Miss Helm praised Hancock County for always responding to this cause and for the good work its chapter is now doing for polio patients. She also commented on the nicely kept records in charge of Mrs. Tudury and her co-workers.

Gardeners Meet

The executive committee of the Bay-Waveland Garden Club met Monday at the home of Mrs. W. W. Baltar. Mrs. Oliver Radford, club president, presided.

The members were informed that the Gulf Coast Council of Garden clubs voted at its meeting Friday, October 5, that the council would hold four meetings a year—two at Biloxi and two at Gulfport, since these two cities are more centrally located. Door prizes were abolished and only simple refreshments will be served.

Mrs. Eugene Mogabgab, General chairman of the Flower Judging School scheduled to be held at the Yacht Club Tuesday and Wednesday, October 30 and 31, informed the members that those who wish to take the examination for a Flower Show Judge certificate will be allowed to take them after each session of the school and that it is not necessary to take the course in numerical order as long as one takes all required courses. The lecturers will be Mrs. Maud Jacobs, whose subjects will be horticulture and flower show planning, and Dorothy Biddle, who will lecture on flower arrangements, use of color and proper judging of flower arrangements.

The committee for the Flower Judging school will be composed of Mrs. Gerald Kennedy, Sr., Mrs. J. S. Mauffray, Mrs. Roy Baxter, Mrs. Sam Whitfield, Mrs. L. A. Rogers, Mrs. C. R. Beyer and Mrs. Walter Rausch; ticket committee, Mesdames T. E. Scheffer, Jr., H. A. Thompson, Paul Gaudet, George Stevenson H. C. Glover, E. M. Brignac; Registration; Mesdames Walter Hava, J. R. Rolins, hostesses; Mrs. L. T. Boyd, Sr., containers and flowers; Mesdames F. J. Trastour, Jr., George Stevenson, E. M. Heath, Sr. publicity; B. F. Farrelly, D. M. Russell Jr., and H. C. Glover, properties.

That on September 11 he, Necaise, appeared before the Circuit Clerk to examine the box, and was refused because no service had been had on Lott. Notice was again issued for an examination on September 17, and service was had and at that time all parties were present, and the Clerk upon advice of the attorney general would not allow an examination of the box.

In the election of August 28, 1951, the returns from the Caesar Precinct showed 133 votes for Lott and 70 votes for Necaise. Necaise charged in his petition that he did actually receive 102 votes and that Lott received 101 votes. That after 100 votes had been counted at the said precinct that the tally showed 48 votes for Lott and 52 votes for Necaise, and that out of the remaining 103 votes, remaining to be counted that he received 18 votes while Lott received 85 votes. He charged that the failure of correctly tabulating the votes gave Lott a majority of 31 votes, instead of showing him the winner by 23 votes.

It was also charged in the petition that one of the managers of the election at the Caesar Precinct wrote the names of all the voters voting instead of the voters themselves signing their names on the register as they voted, all of which was contrary to the statutes governing elections.

At the hearing, the court was advised by the attorneys, for both sides, that the election was held in accordance with the statutes governing elections. (Continued on Back Page)

The Supreme Court of Mississippi affirmed the decision of the Chancery Court of Hancock County in dismissing the suit brought by Carl Craig, State Auditor, against John B. Wheat, Charles B. Murphy, Johnson S. Shaw, Lander H. Necaise and Ed. P. Ortte, members of the Board of Supervisors from 1944-1948. The action, brought by the auditor, asked for the repayment of the sum of \$37,187.50 charged to have been illegally spent by the Board of Supervisors in 1946.

Craig charged that the funds, part of Hancock County's share of the 1946 "Pork Barrel" State appropriation for County roads, had been spent by the county officials in violation of the law under which they were appropriated.

Man Killed In Wreck; Wife Injured

RE A Files Application With District Engineers Office For Special Permit

An application has been filed with the office of the Mobile District Engineers by the Coast Electric Power Association of Bay St. Louis for a permit for an aerial crossing over a navigable waterway in this district, O. L. Adams, Chief, Operations Division, announced this week.

The waterway mentioned in the petition is Bayou LaCroix, 50 feet upstream from the Bay St. Louis-Kila highway bridge, approximately six miles west of Bay St. Louis.

An aerial electric transmission cable, providing a minimum vertical clearance of 64 feet above M. L. T. will be constructed if the permit is granted.

The plans may be seen at the office of the District Engineer, Room 3, Building 2, 2301 Grant Street, Mobile, Alabama. A copy of the plans will be forwarded upon request to anyone interested at a cost of fifty cents per sheet, payment to be made by cash, certified check or money order drawn on the Postmaster, Mobile, Alabama, payable to the order of the Treasurer of the United States.

Any protest against the proposed operations from the standpoint of navigation must be received by the District Engineer's office not later than October 15, 1951; otherwise, it will be considered that there is no objection.

The decision as to whether a permit will be issued must rest primarily upon the effect of the proposed work on navigation. The Corps of Engineers cannot undertake to settle conflicting claims to property rights affected by the work proposed, Adams added.

Pvt. Alton Lusich Killed In Accident At Oklahoma Base

Funeral services were held Sunday, October 7, at 3:00 p.m. in St. John's Catholic Church, Lakeshore, by Rev. Father DePaul Landrigan for Private Alton Lusich, son of Mr. and Mrs. Rudolph Lusich of Lakeshore.

Private Lusich, who had been stationed at Fort Sill, Oklahoma, since his induction February 5, 1951, was killed early Wednesday morning, October 3, when he lost control of a truck he was driving and the vehicle overturned.

The body, accompanied from Fort Sill by the deceased's friend, Pfc. James H. Lambert, arrived in Lakeshore Friday evening.

Born August 4, 1929, in Lakeshore, the deceased is survived by his parents; four brothers, Melvin, Wayne, Norvinne and Glenn; two sisters, Mrs. Doris Galiano and Sharon Lusich; and his grandmothers, Mrs. Dennis Lusich and Mrs. Viola Garcia.

Following the religious services, the Clement R. Bontemps Post 139 of the American Legion conducted the military rites. Pallbearers were Arvine Garcia, Doyle Garcia, LeRoy Garcia, Floyd Green, Jr., Malcolm Green, Lester Green, Private Joe Alphonse Jr., and E. C. Lusich.

McDonald Funeral Home of Piquette was in charge of funeral arrangements.

Patterson, who was accompanied by his wife, was driving a 1950 Cadillac East, Patrolman R. E. Blackwell, who investigated the accident, stated, when he ran into a 1950 G. M. C. truck driven by Roy Lavell Brown of Berkeley Station, Aurburndale, Florida. According to Blackwell, Brown, who was traveling west on Highway 90, was making a left turn into the Trailways when the accident occurred.

The automobile was completely demolished and the truck suffered damages to the extent of \$400, the officer added.

Mrs. Patterson is in King's Daughters hospital where she is receiving treatment for a large laceration of the scalp and nose, dislocation and fracture of the elbow and right ankle and a fracture of the left knee and hand. Her condition is said to be very serious.

Mr. Patterson's body is being prepared for shipment to his home by Fahey Funeral Home.

SIDELINE CLUB PLANS A DRIVE

The Finance Committee of the Saint Stanislaus Sideline Club met with the chairman, W. W. Baltar, Tuesday night at the college and laid plans to push the campaign to finance the completion of the field house at the St. Stanislaus stadium.

This addition will be for the use of Stanislaus visiting teams and for the football team of the Bay High School. The building will contain showers, lockers and a training table.

All members of the Sideline Club, and friends of the school, will be solicited by mail and personally so the funds may be obtained as soon as possible.

Donations may be sent to Saint Stanislaus, directly, or may be given any of the Committee of which Mr. Baltar is Chairman. Other members are Robert Camors, Lucien M. Gex, Sr., Edmund Brignac, Sr., H. W. LeTissier, Leo Kenney and president M. A. Phillips, Jr.

There will be a general meeting of the Sideline Club membership next Wednesday night at 7:45 in the college gym. The committee is looking forward to a large gathering because of the drive which is to be presented to all.

Bernard Farrelly Named To 1951 Nylic Star Club

New York, N. Y., October 5—Bernard F. Farrelly, 727 North Second Street, Bay St. Louis, Mississippi, a representative of the New York Life Insurance Company, has been named a member of the 1951 Nylic Star Club, it was announced today by Dudley Dowell, Vice President in charge of Agency Affairs of the Company.

The Nylic Star Club is an organization of leading members of New York Life's field force of 5,000 agents from throughout the United States and Canada. Mr. Farrelly has been invited to attend an educational conference of the Star Club October 18-21 at the Broadmoor Hotel, Colorado Springs, Colorado, at which Home Office staff members and outstanding guests will speak on current developments in the life insurance business.

BLUE JEAN GARDEN CLUB PLANS MEETING

The Blue Jean Garden Club will meet at the home of Mrs. Ruth Miller in Lakeshore Monday, October 15, at 2:30 p.m. All members are urged and invited to attend.

The money in question had been paid to Chester C. Lee for gravel, dragline hire and hire of trucks in the loading and hauling of the gravel.

There was no written contract, the court pointed out, but the Board of Supervisors had an oral contract with Lee to pay him \$2.00 per yard for gravel. Later the Board made an entry on its minutes allocating the payment to Lee on the basis of value of the gravel, dragline, truck hire and labor.

The auditor contended that the board violated the law in not obtaining a public contract at competitive bids and that the county officials were not authorized by the appropriation to spend any of the money on machinery.

The Supreme Court, through Commissioner Arrington, held that the court had previously ruled that County Supervisors are not personally liable for money which is applied to a lawful object over which the supervisors have jurisdiction, and that the State Auditor had not shown that fraud existed.

That even though the law forbids the use of the State appropriation for machinery, the court said it did allow for the rental of such equipment as draglines and trucks to accomplish the end for which the law was designed.

Although the Chancery Clerk had been mistaken in recording the transaction by breaking it down, rather than by listing only the purchase price of gravel placed on the roads, the court said that it did not constitute an illegal object and created no personal liability against the Supervisors.

S. J. A. Alumnae Plans Homecoming

The first Homecoming Day of the newly formed Saint Joseph Academy Alumnae Association will be held Sunday, October 21, in the auditorium.

Members of the organization will meet at the school and attend the 11:00 o'clock Mass at Our Lady of the Gulf Church in a body. They will then adjourn until 2:00 p.m. when the meeting, to be followed by a short entertainment, will be held.

Everyone who is a graduate of Saint Joseph Academy and who is interested in the progress of the Alumnae Association is invited and urged to attend.

Speaks On Fire At Rotary Meeting

Emmet Thomas, Fire Insurance representative from Biloxi, was guest speaker at the Bay St. Louis Rotary Club Wednesday.

Mr. Thomas spoke on Fire Prevention telling how easy it can be to set a fire just by lack of vigilance and care. He showed the kind of ash trays that are safer than others when a smoker throws a match into the tray. "From these," he said, "you get the benefits of fire prevention."

Matches properly handled give a friendly fire, the speaker said, "for cooking, warming, etc., but improperly handled you get the fire which destroys." He suggested that people include prevention of fires in their daily thoughts just as you do your daily duties.

Visiting Rotarians were R. R. Higginson, Piquette; Leo W. Seal, Gulfport; Hugh Lawson, New Orleans; Dr. Charles Taylor Sr., and Dr. Charles Taylor Jr., Pass Christian.

Hold Final Rites For L. Lafontaine

Burial services for Pfc. Leroy Lafontaine, 20 year old son of Mr. and Mrs. Ora Lafontaine of Pass Christian, were held here Monday afternoon with military honors.

The firing squad and pallbearers were from Keesler Field personnel. Religious services were conducted by the pastor of St. Paul's Catholic church at Pass Christian.

Pfc. Lafontaine was killed in Korea August 12, 1950. He was the grandson of Mrs. Sylvia Lafontaine of Bay St. Louis and was a native of this city.

Harold F. Dietz, 49, Has Heart Attack; Expires Monday

Harold F. Dietz, 49 year old son of Frank Dietz of Waveland, timekeeper and paymaster for the New Orleans Sewerage and Water Board, died at 4:00 a.m. Monday, October 8, at his residence, 1312 Bordeaux street. Death was the result of a heart attack.

Mr. Dietz, organizer of the board's recreation club, which he served as first president, was employed by the Sewerage and Water Board for 17 years. He was an employee-member of the board's pension committee and a board member of its federal credit union.

Arrest Escaped Lifer In Bay Thursday

Kenneth Flowers, 24 year-old Texan, who was serving a life term at a New Mexico penal farm, from which he escaped, was apprehended in Bay St. Louis, Tuesday, October 9, at 1:30 p.m. when the owner of an automobile, stolen authorities, Deputy Sheriff Sylvester Moran stated.

Flowers, after a weekend of car thefts and burglaries from Houma, Louisiana, to Bay St. Louis, was arrested at Arceneaux's Super Service, where he had stopped and parked his car, by Deputies Moran, Paul Egloff and Francis Perkins.

Edward Baldwin, salesman, owner of the stolen automobile, was attending to business at the Gulf Chevrolet Company, across the street from Arceneaux's when he spotted the car. He immediately phoned the Sheriff's office, and the deputies came over and blocked the auto in. When Flowers returned to the parked vehicle, Deputy Egloff questioned him and then told him that he was under arrest.

Flowers pulled a gun on the officials, but he was overpowered and taken into custody; he was taken to New Orleans where he was jailed.

The captive who said he escaped from prison July 17 "when prison officials began investigating into the smuggling of liquor into the prison farm, and someone put the finger on me," rode a freight car to Dallas, Texas, where he stole clothing. He then went to Houston where he took some more clothes from a parked auto and continued his journey on to New Orleans, arriving in August.

Flowers, a prison trusty who was scheduled to get out October 23, stated that he took a 30 caliber revolver out of a car parked on Bourbon street in New Orleans and a box of shells from a glove compartment. He said that the next day, October 3, he went to St. Bernard Parish and won \$1100 in a gambling house which he lost two nights later gambling. That night, he said, he stole a car, and, accompanied by a girl drove out of the highway. He stopped the car when it developed a rattle.

According to Flowers, two policemen stopped to question him and he fled. After abandoning the car and the girl at the Nine-Mile Post, he went through several swamps, stole some clothing,

flagged down a cab and returned to his hotel.

Between 5:30 and 8:30 p.m. Saturday, he stole Baldwin's car from in front of his house. Short on fuel, he drove to a station he said, and after ordering gas, held up the owner and his customers. He got a total of \$70.00.

From the station, he added, he drove to Houma where he smashed store door and took some clothing, \$80.00 and a suitcase. Then he returned to New Orleans and came here to Bay St. Louis Tuesday.

P-T. A. To Discuss Buying Projector

By Jay Metz

The local chapter of the Parent-Teachers Association has scheduled its regular October meeting for next Thursday, October 18. All who can attend are urged to be present for this meeting.

The main discussion will center about the possibility of purchasing a 16 mm movie projector for the school to be used primarily for the purpose of showing educational films to the children. This projector may also be used to provide once-a-week entertainment by the showing of full length movies for everybody in the neighborhood.

As reported last week, a number of people have made contributions toward such a purchase. Anyone who has a particular feeling in the matter, either pro or con, is specifically asked by the P-T. A. president to be present to express his views.

Colonel Metzler, secretary-treasurer of the P-T. A. reports that donations are still arriving as a result of circulation of a recently-prepared letter. Indications are that there is more to come. So far from Picayune, the P-T. A. has received donations, either in cash or in services, from The Item, Thigpen Hardware, Quick and Grice, Wilkes Motor and City Drug Store, Bay St. Louis donors include Ramond Electric Shop and Gulf Chevrolet Company. From out of town we have received checks from Part and Bristow of Lake Charles, Louisiana, and Arthur Lipka of Denver, Colorado.

Colonel Metzler would like to thank all the people living in and near the School District who have also contributed in fine fashion. Net proceeds of Fun Nite, plus other donations, now total \$400, and does not include the amount earmarked for a projector.

Mrs. Bristow, T-P. A. president, reports that Dr. C. M. Shipp and Wayne Alliston of Bay St. Louis, are planning on being present at the October 18th meeting to give a short report on the current dental program.

Jim and Eleanor Brown spent the weekend here at their home.

Private First Class Robert Baxter, on duty at Keesler Field, spent the weekend with his family in Logtown.

A fine, recent addition in the school grounds was the erection of a 30 foot flag pole. Other work now in progress at the school is the building of bins and shelves in the lunchroom storeroom, and the building of cabinets in the kitchen area.

Mrs. Albert Kunstler of New Orleans is visiting her uncle and aunt. Mr. and Mrs. Joe Samuel, at their home on Nicholson avenue.

Mr. and Mrs. Alvin Genin had as guests over Saturday and Sunday of last week Mr. and Mrs. L. A. Lonergan of New Orleans.

WAVELAND NEWS

By Mrs. H. K. Holderith

R. F. Mestayer, Ralph Morel and Durald Claiborne went fishing on the "Rambler", and caught about 100 pounds of speckled trout and red fish.

We are glad to report that J. W. Dubbie Price, son of Mr. and Mrs. Herman Price who is a patient in the Lutheran Hospital in Vicksburg, is showing some improvement.

Mr. and Mrs. Asbel Holm were over for the weekend at their home on Woods street.

Mr. and Mrs. Jake Schwander and children, Linda Jackie and Walter, were the guests of their parents, Mr. and Mrs. Walter Turcotte, for the weekend.

Mr. and Mrs. F. J. Grunewald and son, F. J. Jr., of Tallahassee, Florida, were guests of Mr. and Mrs. Harold K. Holderith. Mrs. Grunewald is Mr. Holderith's sister.

Mr. and Mrs. George Stelz and daughter, Georgette, went to New Orleans Sunday to visit Mr. Stelz's father who is ill.

Mrs. Edna Bourgeois spent the weekend in New Orleans visiting relatives and Mrs. Karl Bird who underwent an operation.

Let's all sing happy birthday to Paul Randolph, son of Pfc. and Mrs. James A. Randolph, who will celebrate his first birthday October 15.

County Agent's Notes

By JAMES TOLER

PASTURES

PLANTING. All clovers and legumes should be planted this month, and inoculate all clover and legume seed to be planted. Fescue, ryegrass, oats, wheat and winter peas should be in the ground this month.

BLOAT. To help control bloat, the safest method is to keep a 50-50 mixture of grass and clover.

GRAZE—out the fields following crop harvest in order to save pastures for later in the fall. Do not let livestock graze Dallis too close this fall because much of it will freeze and result in a poor stand next summer.

On fall and winter grazing crops, graze oats when eight to ten inches tall; ryegrass when six to eight inches high; old clover when four to six inches; and newly planted fescue, when it is eight inches tall.

THINGS TO DO IN OCTOBER. Protect stacked hay from livestock until it is needed. Insure against green bug damage by adding a little extra nitrogen. Cross fence winter grazing areas so that alternate grazing can be practiced.

PRODUCTION
The theme of agriculture in 1952 will again be "All-Out Farm Production." Especially will this be true of food production. There is greater need for food and fiber production on American farms now than ever before.

Even partial military mobilization calls for big increases in food needs. It takes more food to feed soldiers, sailors, marines, and air force personnel than it does to feed the same number of civilians. They just eat more.

Our population has increased by 20 million since 1940 and is continuing to increase at a rate of about two million a year. This naturally calls for more food and clothing.

Civilians are eating more than they did before the war, in fact, about 13 percent more. This means that they have a greater purchasing power and that the nation is fed better than before the war.

The volume of agricultural exports have increased about 50 percent since the war and demand is even greater than we can supply. For these reasons, and too, because we have practically no agricultural surpluses the American farmer must increase production to help prepare the nation for defense.

DAIRY DO'S FOR OCTOBER.
Treat all heifers from four to 18 months old for stomach and intestinal worms. Where possible, avoid individual pens for calves. Keep these clean. Individual

Sympathy is extended to the family of Harold Dietz, son of Frank Dietz who passed away suddenly Sunday.

Mr. and Mrs. Helmut C. Hornuff are now permanent residents of Waveland at their home on Dunbar Lane, that is nearing completion.

Mr. Hornuff has been commuting between Waveland and New Orleans.

Mr. and Mrs. Jake Schwander and children, Linda Jackie and Walter, were the guests of their parents, Mr. and Mrs. Walter Turcotte, for the weekend.

Mr. and Mrs. F. J. Grunewald and son, F. J. Jr., of Tallahassee, Florida, were guests of Mr. and Mrs. Harold K. Holderith. Mrs. Grunewald is Mr. Holderith's sister.

Mr. and Mrs. George Stelz and daughter, Georgette, went to New Orleans Sunday to visit Mr. Stelz's father who is ill.

Mrs. Edna Bourgeois spent the weekend in New Orleans visiting relatives and Mrs. Karl Bird who underwent an operation.

Let's all sing happy birthday to Paul Randolph, son of Pfc. and Mrs. James A. Randolph, who will celebrate his first birthday October 15.

DRAMATICS

The Freshman-Sophomore Dramatic Club has been thumbing through several plays, trying to pick one to present before the student body in the near future.

We are now reading "Hillbilly Sue" and "Honesty is the Best Policy."

The Junior-Senior Dramatic Club has elected a play, "The Little Red Schoolhouse" by Millard Crosby, which they hope to present in approximately three weeks, under the direction of Mrs. Georgette B. Hall.

FOOTBALL CHATTER
Due to an epidemic of "flu" among the Ridgeview players of New Orleans, the Bay High vs Ridgeview game has been called off. It was originally scheduled for Friday night at Stanlaus Stadium.

Ronald Landers received a fractured rib in the Pass Christian encounter and will be absent from the Tiger Roster for four or five weeks.

The Bay High Tigers travel to New Orleans October 19 to try for their first win at the expense of Delgado.

Homecoming will be October 26; Lumberton will be the visiting team.

Here's hoping that the Bay High Alumni will begin to make plans to attend the Homecoming ceremonies.

Although the Bay High Tigers have had only 25 points scored against them, in three games, they are still searching for their first victory.

Basketball season is not far off and a number of Tigers are beginning to try to speed up the plans for an opening game.

The Tigers should floor another good team with Chester Ladner, Vernon Parker, Mike Murphy, Billy James, Gerald Coludovich and a highly recommended newcomer, Louis Bonnefond, ready for action as soon as football season is over.

KEEN COMPETITION IN TYPING CLASSES
This week the typing classes have been working for both speed and accuracy. Ten points were given to those students who could type five-line paragraphs with not more than an average of one error to a line. A bonus of two points was given for each line typed without an error. The students that could type the most paragraphs under this set up were given the highest grades. Each student made sure that he got to class on time and went to work immediately so that his neighbor would not get ahead of him in the race for points. June Breath led the class with a total of 438 points, Vernon Parker came in second with 417 points, and Chester Ladner third with 315 points.

Three minutes' timed writings were also given each day. June Breath led the race again and averaged 29 words per minute. Vernon Parker followed a close

second, averaging 27 words per minute. These students have only been taking typing for five weeks.

Members of Delta Sigma Chi entertained their rushees at a tea Sunday afternoon from 4 to 6 at the home of Mrs. A. G. Dantag.

The colors of the sorority, purple and white, were carried out in refreshments and on the punch table, where purple and white flowers surrounded the base of the punch bowl.

Equipment, accessories and trim illustrated are subject to change without notice.

WE'D like you to come in and hear a wonderful story.

First of all, it's the story of a great car—a car whose name is respected and admired everywhere in America. We are sure that the word "Pontiac" means something distinct and different from any other name in the motor car world.

The word Pontiac means a good solid citizen—a thoroughly good car—a beautiful car—a

car with a reputation for delivering years and years and years of driving pleasure.

But there's another important part of this story you should hear: It's the wonderful story of Pontiac's price!

For this great car, desirable as it is, is one of the lowest priced automobiles in America—just one step above the very lowest.

DRIVING TRAINING CAR ARRIVES

For the third consecutive year Bay High has initiated its Driver Training and Educational program. The shiny new Chevrolet was delivered to A. B. Dubuison, instructor, Tuesday. This car, with dual controls, is furnished free of charge, except for insurance and operating costs, by the Gulf Chevrolet Company and General Motors. A. B. Tipping is the owner and operator of the Gulf Chevrolet Company.

This course will afford the opportunity to students in the upper grades to learn, in a sound and methodical way, the proper driving habits that make for safer and more enjoyable driving.

The instructor has received special training in Jackson, Mississippi. A representative of the American Automobile Association, who knows the accepted standards for good driving, was in charge of this course for instructors.

Each student, who enrolls for this course, is given two hours in the car and one hour in the classroom each week. The course is completed in one semester.

The instructor states that he can already see the benefit derived having this driver training course as a regular part of the Bay High School curriculum.

HOMEMAKING DEPT.
Films used for classroom instruction in Homemaking:

The foods class, consisting of third year students, enjoyed two films this week: As You Like Them and The Way to a Man's Heart. From these movies the students saw a demonstration which showed: Methods of preserving foods; the food needed in the body building process and where to get them; the foods and amounts we should eat every day.

A good demonstration was given showing high and low temperature on meat cooking.

The class also gained helpful hints on carving many cuts of meat, in addition to menu suggestions and complete dinners it showed how the foods were garnished and served.

Entertain at Tea
Members of Delta Sigma Chi entertained their rushees at a tea Sunday afternoon from 4 to 6 at the home of Mrs. A. G. Dantag.

The colors of the sorority, purple and white, were carried out in refreshments and on the punch table, where purple and white flowers surrounded the base of the punch bowl.

Equipment, accessories and trim illustrated are subject to change without notice.

Attends Family Reunion

The Tate Campbells attended the annual Campbell reunion held at the home of Mrs. Louis Thigpen Sunday, October 7 with an all-day outing.

Because of illness, only three of that generation were unable to attend. Attending were Mr. Tate Campbell's parents, Mr. and Mrs. J. H. Campbell and family of Picayune; his brothers, Mr. and Mrs. Edward Campbell, of Seattle, Washington; Max Campbell of New Orleans; Tate Campbell's sister Mrs. W. M. Goodwin, and three children of Port Natchez; and W. H. Campbell of New Orleans and his family. Also Mr. Campbell's aunt, Mrs. R. F. Campbell and family of Ellisville and his uncle and aunt, Mr. and Mrs. L. M. Campbell of Vicksburg.

Mr. Campbell, who is a resident of Bay St. Louis, has 52 relatives in the Campbell clan with almost 100 percent attendance.

Celebrates 9th Birthday

Everett Kergosien celebrated his ninth birthday at the home of his parents, Mr. and Mrs. L. L. Kergosien, Saturday, October 6, with a small group of his classmates helping him enjoy the day.

The party was informal with the traditional birthday cake. Competitive games were played; and Peggy Kergosien, Edmund F. Fahey III and Francis Ferry were the prize winners.

ALTAR SOCIETY TO HOLD MEETING

Our Lady of the Gulf Altar Society will hold its regular monthly meeting at the Scout House Wednesday, October 17.

The crochet table cover made and donated by Mrs. Elizabeth Boudin, will be awarded at this meeting.

All members of the Altar Society and of St. Margaret's Daughters are invited to attend. Hostesses will be Mesdames V. J. Piazza, Horace Kergosien and Charles G. Moreau.

HONOR DAUGHTER ON 16TH BIRTHDAY

Mrs. Lucien Pernicario surprised her young daughter, Joyce, with a party on the occasion of her sixteenth birthday at their home Thursday, October 4.

The young people entertained themselves with playing games after the honoree had opened all of her packages. After the games, Joyce cut the white birthday cake which was centered in a table arrangement with pink and white flowers.

Those attending were Sue Smith, Rai Ann Witter, Claire Corr, Mary Palmer, Audrey Garcia, Janet Ireland, Kay Kramer, Marion Ireland, Ann Jenkins, Beverly Banderet, Mildred Adams, and the honoree's sister, Pearl Marie Pernicario; Fabian Buquoi, Billy Burrow, Hugh Johnston, Leroy Noto, Billy James, Gerald Gaudet, Paul Loup, Gene Watkins, Harold Johnston, Keith Tonkel, Frank Ray Wheat, Joe Pulizzano, Bill, Bob and Donald Corr.

Mother Mary of the Rosary Honored on Her Feast Day

Mother Mary of the Rosary, Superior of St. Joseph Academy, was honored Friday, October 5, on the occasion of her Feast Day.

Although the Feast Day was Sunday, the entire student body, dressed in their white uniforms, attended Mass and received Holy Communion in a body Friday.

After Mass a short program was given in the school auditorium. The first grade pupils rendered, "Greetings to Mother," by Mother Goose and her little geese. "My Cat Speaks," second grade; "Feast Day Greetings," third grade; "Have a Pain in My Sawdust," fourth grade; "Kerry Dance," fifth and sixth grades; "My Beads," by Father Ryan, seventh and eighth grades; "Feast Day Wishes," a parody on "Our Lady of Fatima" composed by Jane Fitzpatrick; skit, "Mother's Guardian Angel and Mr. Spandall's Guardian Angel," by Lindy Lee French and Celest Chevis; then the entire high school sang "Queen of the Rosary," "May the Lord

Bless and Keep You" and "The Rosary."

Bea Chiniche, Sodality prefect, gave the greeting in the name of the school and presented Mother with a Spiritual Bouquet and gift offering from the entire school. Bea was accompanied by Richard Burk and Kathleen Mooney.

Mother Mary of the Rosary gave a short talk expressing her appreciation, and she then declared a holiday.

Handy's Cows— "Tired But Happy"

Handy Peterson is one person who really lives up to his name. Stopped by his fine-looking farm the other day and watched his cattle enjoying his latest brain-storm—a back-scratcher.

What Handy did was to cut an old tractor tire in half—then he slid the open ends over the tops of two posts set in the ground—bolting the tire to the posts, making the inside edges come just about the height of a cow's back.

Handy's cattle-scratcher wasn't a very big idea—but he figures the happier his cows are

the better. (And he'll probably get more milk from them, too!) From where I sit, it's important to keep your eye on the little things. They add up. Reminds me of how beer retailers voluntarily co-operate with the Anti-Regulation Program sponsored by the Brewing Industry. They keep their establishments clean, bright, and orderly right down to the last little thing . . . which all adds up to good will, and good business!

ELECTION ...

(Continued from Front Page)

Necaise and Lott, that this practice had been followed and that the managers had failed to comply with the express provisions of the corrupt practices act. It was agreed, by both Necaise and Lott and their attorneys, that this failure on the part of the managers at the Caesar Precinct to have the voters sign the register personally, was a fatal departure from the express requirements of the law, and that by reason of this, the election at the Caesar Box should be, by the court, declared null and void and that the court should call another election at said precinct with five days from the date of the order of the court.

Following this admission the Court did not go into other charges, and the box was not examined.

The managers appointed by the court, and upon the agreement of all parties, to hold the election Tuesday, October 16, 1951, are John Rester, Fitzhugh Lee, and Virgil Stockstill with James Rester and Richmond Smith as Clerks. The Peace and returning officer is to be named by the managers.

DIETZ ...

(Continued from Front Page)

The deceased, a member of the executive committee of the Commercial Athletic Association, had been chairman of its softball program for the past four years.

One of the organizers of the Krewe of Alpheus, a Carnival organization, he served as first vice-president from its beginning until his death. He was a member of the Young Men's Business Club. Funeral services were held Tuesday, October 9, at 11:00 a.m. from the funeral home of the House of Bultmann. Interment followed in Lafayette cemetery No. 2.

Survivors include his father; his widow, the former Ione Canty; four sons, Harold A., Frank Herbert, Frederick William and Richard Dietz; one daughter, Miss Carolyn Ione Dietz; and one sister, Mrs. L. L. Solanas, all of whom reside in New Orleans.

**TO THE VOTERS OF THE CAESAR
PRECINCT OF BEAT FOUR OF
HANCOCK COUNTY, MISSISSIPPI
STATEMENT FROM JACK LOTT**

I am sure that all of you will be interested to learn the results of the election contest which was filed by my opponent, Lander Necaise, concerning the Caesar Precinct, in the Board of Supervisors race and the second primary election.

The court met on Thursday, October 11th, and, when it was discovered that the managers of the Caesar box had misunderstood their duty to see that each voter sign his or her name, in person, in the receipt book before receiving a ballot, there was nothing for the court to do but declare the election at the Caesar box invalid and call a new election thereat.

I am confident that the managers of the Caesar box did only what they thought was right, and were honestly mistaken in the requirement of the law that each voter sign his own name in the receipt book before voting. But, since this is the law, there is nothing to do but call a new election for next Tuesday, October 16th, 1951.

The official results of the Caesar Box, in the second primary of August 28th, 1951, showed the following:

Jack Lott	Lander Necaise

I hereby urge all of my friends and supporters in the Caesar Precinct to continue working for me in my ambition to serve you again as your member of the Board of Supervisors, and to be sure and vote on next Tuesday, October 16th, 1951.

Thanking all of you for your interest and past kindness to me, and pledging again my best efforts, I am,

Yours Sincerely,

Jack Lott

To The People of Caesar Precinct and Beat 4, Hancock County, Mississippi:

We are going to have a Special Election on October 16, 1951 in the Caesar Precinct because of a Misconduct of the Managers as ordered by the Circuit Court of Hancock County, Mississippi.

I would like to state to the People of Caesar Precinct and Beat 4, the procedure that was taken to have a Special Election so the People of Caesar Precinct could express their will and wishes: 1. After the Second Primary that was held on August 28, 1951, I requested the Executive Committee to have a recount of the Caesar Precinct Box, and the Executive Committee turned me down and refused, stating I hadn't gone through the proper procedure in order to have a recount. Mr. Lott had his Attorney, Mr. Earl Wingo. And at the time Mr. Wingo stated, "If we used the proper procedure that he would not object." We used the proper procedure. 2. But when we issued process on Mr. Lott, the said Mr. Lott had taken a quick vacation to keep process from being served on him within the specified time. And when Mr. Mitchell, our Clerk of Courts came in to count the box, Mr. Lott's Attorney, Mr. Wingo objected after he stated he would not do so if we used the proper procedure. 3. Then we went back to the Executive Committee asking for a recount again after Mr. Lott had finished his quick vacation again the Executive Committee turned us down and refused to give us a recount. And also, Mr. Lott's Attorney stated that we had a recourse in the Courts. 4. We then filed our Petition in the Circuit Court of Hancock County, Mississippi, to try this case on its merit. The case was set for trial on October 11, 1951, at 9 A. M., My Attorneys being ready to prove all facts alleged in the Petition and let the chips fall where they may. But when Mr. Lott's Attorney came in and discussed the situation with my Attorneys, the said Mr. Earl Wingo, being Mr. Lott's Attorney, seeing that he further couldn't keep anything from being done, then agreed to have a Special Election with Mr. Lott having to pay all Court Costs. The question is, "Why didn't Mr. Lott want a recount?" and would agree to a special election. Now in the first primary there was a recount in several boxes and I did not object for the Executive Committee to recount any and all boxes of Beat 4. But when it came time for me to ask for a recount, I was refused. Why?

I would like to give the Voters the results of the following Boxes:

	Necaise	Lott
Catahoula	70	31
Kiln	199	197
Rocky Hill	21	24
Fenton	64	70

so you can see now just how the boxes stood until I wanted the Caesar Precinct Box counted.

NOW, I pledge to the People of Beat 4, Hancock County, Mississippi that I will do the following if elected your Board of Supervisor of Beat 4.

1. Black top the Caesar and Fenton road to the County lines of Harrison and Pearl River Counties.
2. I will see that all major roads are Black topped.
3. I assure each and every one that I hold no malice in my heart for the people that voted against me on August 28, 1951.
5. I want to further assure our People of Beat 4, that I will make them a good Supervisor and will be willing at all times to assist them with any problem that I can help.

Submitted to you,

THE PEOPLE OF BEAT 4

Plan Cake Walk

There will be a cake-walk Sunday afternoon, October 14, starting at 3 o'clock at the Lakeshore Civic Hall. The women members of the Civic Association are trying to raise funds for a large Christmas party, with fruit, candy and toys for every child in Lakeshore.

Immediately following the cake walk there will be a free dance with both round and square dancing.

Homemade cakes have been donated by the following members: Mrs. Milton Stoufflet, Mrs. Ben Green, Mrs. Floyd Green, Sr., Mrs. Ernest Carco and Mrs. Malcolm Green. There will be prizes for children's games, and parents are asked to bring their children for an afternoon of fun.

Thursday evening October 2, the Lakeshore Civic Association held its regular monthly meeting. Members present were Ed Green, Edward F. Green, Ray Bordage, Albert J. Carco, Clarence Schwartz, Mrs. Ernest Carco, Mrs. Ben Green, Mrs. L. M. LaFontaine, Mrs. Floyd Green, Sr., Mrs. Martha Garcia, Mrs. Milton Stoufflet, Mr. and Mrs. George Lusich, and Mrs. Malcolm Green. Visitors included Mrs. Melanie Garcia and children, Laura Mae and Arlyle, Emelda Green, Jr., Shirley Green, Merle Lusich, Gary Stoufflet, Moonpie and Malcolm Green, Jr.

Ed Green, dance chairman for September, reported a loss of \$46.00 for the month. Mrs. Stoufflet and Mrs. Malcolm Green were appointed co-chairmen in charge of a cake walk to be held Sunday, October 14. Ed Green was appointed dance chairman for the month of October, with Danny Seal's orchestra furnishing the music.

Mrs. Albert Hill of Shuqualak, Mississippi, has returned to her home after a week's visit with her cousins, Mrs. John Hourbeight and Mrs. Malcolm Green, and her aunt, Mrs. Leandro Villamil, of Lakeshore.

Sunday evening a farewell service was held in the Lakeshore Believers Chapel, in honor of Jack LaFontaine, who left Monday, October 8, to be inducted into the Armed Forces. Magimier Lane of Long Beach, gave a talk comparing the life of a good soldier to that of a good Christian. Mr. LaFontaine was presented a copy of the new testament, and following this service cake and ice cream were served.

County Farmers Sell \$718,321.00 Of Products In 1949; Other Data Given

Hancock County farmers in 1949 sold farm products valued at \$718,321, a decrease from the \$743,294 worth sold in 1948, Merrell C. Lofton, regional director of the U. S. Department of Commerce in Atlanta, announced.

The figures were taken from the 1950 census of agriculture conducted by the Commerce Department's Bureau of the Census which also showed that the county in 1950 had 662 farms as compared with 903 in 1945.

Crop products disposed of by Hancock County farmers in 1949 brought \$137,914 as compared with the \$577,258 realized in 1948, Mr. Lofton said. Forest products sold amounted to \$16,977 and \$3,170 respectively, in the two years.

In announcing other details of the agricultural census taken in the county, the Commerce Department included the following highlights:

Cropland harvested, was 8,598 acres in 1949 and 8,091 in 1948. Number of farm operators living on farms, 642 and 884, respectively.

Number of farm operators not living on farms, 16 and 19.

Number of white farm operators, 637 and 833.

Number of nonwhite farm operators, 25 and 70.

Number of telephones on farms, 52 in 1950 and 54 in 1945.

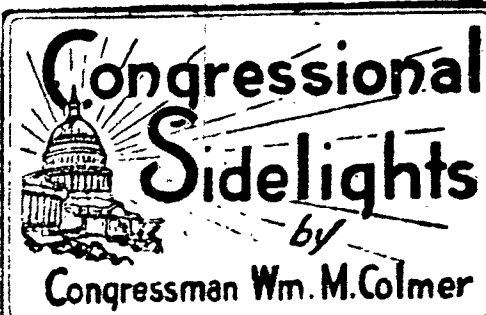

Number of milking machines in 1950, 60, number of grain combines, 1; number of corn pickers, 0; pickup hay balers, 1; upright silos, 0; motortrucks, 156 in 1950 and 138 in 1945; tractors, 97 in 1950 and 86 in 1945 and automobiles, 146 and 412.

Farmers in the county spent \$8,884 in 1949 on machine hire and \$45,508 on hired labor. Feed for livestock and poultry cost \$149,210 and livestock and poultry purchased cost \$79,435. Seeds, bulbs, plants, and trees were bought at an expenditure of \$10,405.

There were 7,845 cattle and calves on Hancock County farms last year compared with 14,522 in 1945.

Copies of the report itself are available from the nearest Department of Commerce field office, Mr. Lofton said. One of these offices is located at Jackson. Other offices serving Mississippi are in Mobile and Memphis.

KOREAN SITUATION DEMANDS NEW STRATEGY

The situation in Korea can no longer be ignored by the American people when approximately 2500 American boys are killed outright or badly wounded in a week. Those who have for more than a year referred to this engagement as a "police action" must re-evaluate the situation when it is considered that in the fifteen months that this war in Korea has been going on 14,500 American boys are known to be dead and more than 60,000 have been wounded while another 12,000 are listed as missing. It is certainly time for real deep consideration of the problem with the obvious necessity for a change in our strategy.

We are told by those in the "Know" that we far exceed Russia in supply of atomic bombs; that we have new and fantastic weapons; that the American planes and pilots are superior to the Russian types now being used by the Chinese; that China is a fourth or fifth power. Yet the fact remains that our casualties are steadily growing in volume day by day and in fact that those casualties have been higher during this war than they were in the first fifteen months of World War II against two first-rate powers—Germany and Japan.

More and more people in the country are now raising the question, which we first raised more than a year ago, that Russia in using Korea as a testing ground for its men and weapons, much like the Russians and Germans used Spain as their testing ground prior to World War II. It is hard to believe that American leaders would be a party to the wanton sacrifice of American boys in this fashion. However, we are convinced that that is exactly what Russia is doing—trying out her new weapons manned by Chinese personnel.

But America cannot afford and the American people will not stand indefinitely for the slaughter of American boys in this game.

TIME FOR ACTION
It would seem to a layman like us, who still does not believe that Russia wants war—that is, an all-out war with Russia risking all

A To Make Certain Loans

Under the provisions of Public Law 139, 82nd Congress, the Veterans Administration is again authorized to make certain direct loans to World War II veterans in Mississippi. A direct loan may now be made to an eligible World War II veteran, not to exceed \$10,000.00, in those areas where 4% money is not available from lending institutions. These particular loans are available only for the purchase of existing dwellings; the construction of non-farm houses; the improvement of farm homes or the construction of farm homes.

Direct business loans or direct loans for the purchase of farms cannot be made by the VA.

Direct loans under this law are not available in Biloxi, Gulfport, Jackson, Meridian or Vicksburg, or their environs.

In those areas where the Prudential Life Insurance Company is making 4% loans, the VA will not grant a direct loan unless the veteran applicant has a letter from the Prudential Life Insurance Company refusing to make the loan.

If the applicant has at any time in the past used any part of a loan guaranty for any purpose he will not be eligible for a direct loan at this time.

\$1,146,000.00 was originally allocated to the VA in Mississippi to be used for these direct loans. Of this amount approximately \$600,000.00 remains and is available.

Application forms for direct loans are not provided for general distribution. Each interested veteran should write directly to the Loan Guaranty Division, Veterans Administration Center, Jackson, Mississippi for the necessary application blanks.

Remember—direct loans from the VA are available for World War II veterans only. World War I veterans and Foreign veterans are not eligible.

—Mrs. Gladys Chapman and Miss Loyette Webb attended "Fun Night" at Logtown last Friday evening. The program was sponsored by the Logtown P-T. A.

—Mr. and Mrs. Vander Byrd of Citronelle, Alabama, spent the past weekend here with their son and daughter-in-law, Mr. and Mrs. Charles E. Byrd, and children of Julia street.

—Mrs. Jordy, who underwent an emergency appendectomy two weeks ago, has sufficiently recovered to be moved to her home here.

Red Cross Takes Paid Workers Out Of VA Hospitals

In August 1951 the American Red Cross began withdrawing paid workers from 71 Veterans Administration hospitals as an economy measure.

E. Roland Harriman, Red Cross President, has announced that this is one of several program adjustments to be made so that the national organization may stay within its income and still meet the growing demands arising out of the present world situation.

Paid workers will be kept in 25 hospitals where there are large numbers of patients and extensive Red Cross programs.

Paid by the national organization, these workers are primarily responsible for giving guidance to local Red Cross volunteers who work in the recreation, welfare, and rehabilitation programs in VA hospitals. They also assist in arranging for cooperation between the Red Cross and VA hospitals in first aid classes, water safety programs, blood collections, and disaster preparedness.

The organization has emphasized that although a paid national staff of about 160 workers is being withdrawn, local chapters will continue their services to veteran patients. In a letter to General Carl R. Gray, Jr., administrator of Veterans Affairs, expressing regret that services of paid staff must be curtailed, Mr. Harriman said, "We shall do all we can to assure that the 23,000 Red Cross volunteers who work in your hospitals each month will continue to serve competently and that our chapters will meet new needs for services as they arise."

Records show that over 2 million hours of service were provided to VA hospitals last year by Gray Ladies, nurse's aides, Motor Service Drivers, canteen workers, and other Red Cross volunteer groups.

In hospitals from which paid staff is removed, volunteers will be selected to head up the Red Cross program. These volunteers will be given special help by a corps of trained staff in the four Red Cross area offices.

What do you know about Mississippi's Oil and Gas Industry?

When and where were natural gas and oil discovered in Mississippi?	A small gas field was found near Amory in Monroe county in October, 1926. A larger gas field was discovered at Jackson in February, 1930. The first commercial oil well was brought in on August 29, 1939 near Tinsley in Yazoo county. It was officially completed on September 5, 1939 and marked the beginning of the development of the petroleum industry in Mississippi.
How many producing oil and gas wells are there now in the state? How many fields?	According to the July, 1951 production figures of the Oil Service Tax Division of the State Tax Commission there were at that time 1705 wells producing oil in 40 fields and 975 wells producing gas in 23 fields. However, 19 of the oil fields and 4 of the gas fields had less than 5 wells. Many of the wells produce both oil and gas.
What counties are now producing oil or gas?	Adams, Clarke, Franklin, Greene, Hinds, Jasper, Jefferson, Jefferson Davis, Jones, Lamar, Lincoln, Madison, Marion, Rankin, Sharkey, Simpson, Smith, Wayne, Wilkinson and Yazoo.
How many wells were drilled in Mississippi during 1950?	There were 128 wildcats drilled, resulting in 8 discoveries, and 177 field wells drilled, resulting in 45 gas wells, 82 oil wells and 50 dry holes.
How deep is the average well drilled in Mississippi?	According to the Oil and Gas Journal, the average depth of the wells drilled during the first half of 1951 was 7,000 feet. This compared with the national average of 3,864 feet. The average for Texas was 4,500 and for Louisiana 6,500 feet.
How many counties have been explored for oil and gas?	Wells have been drilled in 77 out of the state's 82 counties.
What was the total amount of oil and gas produced in Mississippi in 1950?	State Oil and Gas Board records show that Mississippi produced 38,241,669 barrels of oil and condensate in 1950. Total natural gas production amounted to 161,134,226 cubic feet. Approximately 38,500,000 cubic feet of this production was returned to the earth in repressuring operations in the Brookhaven and Cranfield oil fields.
How does Mississippi rank in comparison to other oil producing states?	Mississippi ranks 9th in production. According to the Interstate Oil Compact Commission the average daily oil production June, 1951 was as follows: Texas.....2,766,500 bbls. California.....975,500 bbls. Illinois.....158,600 bbls. Louisiana.....628,000 bbls. New Mexico.....143,700 bbls. Alabama.....512,000 bbls. Mississippi.....101,200 bbls. Kansas.....308,800 bbls.
What are Mississippi's proved reserves?	As of January 1, 1951 Mississippi's estimated proved reserves were 385 million barrels of oil and 2.5 trillion cubic feet of gas. (Source: American Petroleum Institute and American Gas Association.)
What has been an important factor in the growth of Mississippi's oil and gas industry?	Mississippi's friendly and cooperative attitude toward industrial development has been a major reason for the rapid expansion of the state's oil and gas industry. In such a friendly atmosphere the industry will continue to grow and develop, thereby creating more jobs, more payrolls, more tax revenue and greater prosperity for every Mississippian.

OPS ANNOUNCES New
CEILINGS ON BEEF AT
RETAIL

A revised pricing program for the retail sale of beef establishing new dollars-and-cents ceilings, permitting the sale of a wider variety of retail cuts and containing more effective safeguards to protect consumers in buying beef has been announced by the Office of Price Stabilization.

The new retail beef regulation requires the labeling of each trading price. The regulation also provides for five grades of beef—prime, choice, good, commercial and utility.

Ceiling price changes allow increases on some cuts but require decreases on other cuts of beef. The overall increase in ceiling prices to the consumer will average about 1 1/2 to 2 cents a pound.

RETAIL COAL

Retail coal dealers have been authorized by the Office of Price Stabilization to pass on to customers the full freight rate increase for coal, amounting to a maximum of 20 cents per ton, recently approved by the Interstate Commerce Commission. The new amendment to the General Ceiling Price Regulation merely permits retail ceiling price increases based entirely on actual advances in freight charges and does not increase retail dealers' margins.

CATTLE CEILING PRICES

OPS announces that the exemption from complying with live cattle ceiling prices for some slaughterers has been extended to November 4, 1951. This exemption applies to those slaughterers that are unable to obtain at ceiling prices at least 50 percent of their normal share of cattle coming to market during the accounting periods. Slaughterers comply with OPS live cattle ceilings by paying no more than the permitted maximum amount of all cattle slaughtered during the 30 day accounting period. If slaughterers are able to obtain between 50 and 75 percent of their 1950 slaughter, they cannot exceed the permitted maximum amount by more than 1 percent during the accounting period. If they obtain 75 percent or more, they are required to be in compliance with the live cattle ceiling price regulation.

Operators of business establishments in Mississippi needing information relative to Office of Price Stabilization ceiling price regulations should contact the District Office in Jackson. The office is located in the Field Furniture Company building at 126 East Amite Street. The telephone number is 5-9331.

The
State Health Officer
Says

A serious illness can be costly to an oppressive degree. And when we or members of our family are sick, we have a large enough problem without the addition of financial worries.

The answer to this unpleasant situation, which could arise in almost any family, has been found in prepaid hospitalization and medical care—that is, in hospital, medical, and surgical insurance. Application of the voluntary insurance principle can give protection against the financial burden of serious illness.

Insurance against the cost of illness is only about 10 years old in this country, but it has become rapidly popular. Blue Cross hospital and Blue Shield medical and surgical plans and some insurance companies are doing a good job. Over forty million Americans have Blue Cross coverage and more than twenty million are covered by Blue Shield and other medically sponsored plans. Approximately seventy-five million people in this country have protection of some type against the cost of illness. The number is increasing so rapidly that by the end of this year more than eighty million American citizens will be protected against the economic hazards of sickness.

Like the cost of living, medical and hospital expenses have increased. But along with higher costs has come a better quality of medical and hospital care. These costs were lower not too long ago when appendicitis was treated with pium pills and poultices, and pneumonia with cough mixtures. But the death rates were very high then.

Blue Shield pays 60 percent of the cost of medical care for those covered and Blue Cross covers 80 percent of the hospital bills. Within a few years, practically all our people will realize the advisability of this or similar protection.

Civic Group
Launches Drive
For Membership

Announcement was made on May 15th of the organization of the Mississippi Society of Civic Awards which has as its objective the promotion of the welfare of the State of Mississippi and the higher standards of Civic or public service with the making of awards as a recognition to individuals who have made an outstanding contribution to the welfare of the State of Mississippi.

Alexander Fitzhugh, an outstanding Mississippian of Vicksburg, is president of the Society. Other officers are L. O. Crosby, Jr., lumberman and industrialist of Picayune, vice-president and Arthur Sullivan, Attorney, of Jackson, Executive Secretary, treasurer, Edmund Taylor, President of The Goyer Company, Greenville, is chairman of the membership committee. The foundation is managed by a Board of Trustees.

The awards made by the Society will be financed by annual membership dues and contributions. It is the policy of the foundation to obtain as many members as possible from the general public. The society is a charitable, scientific, literary and educational organization.

L. O. Crosby, Jr., of Picayune, Mississippi is the Trustee from this area. The Society is now launching its membership drive through its Board of Trustees and expects to make an award in 1951.

—Mrs. Nina Stillwell, who spent the summer in Massachusetts and other parts in the east, has returned to Bay St. Louis to spend the winter with her sister, Mrs. Caroline Dale Snedeker, and her cousin, Miss Louise A. Crawford, at 111 Citizen street.

HOME AGENT'S NOTES
By MISS MADGE ALLRED

At the end of the summer and before the warmest days of early Fall are gone is a good time to think about care of your screens during the winter.

In other sections of the country, people usually take their screens down and store them for the winter. This gives them a good chance to give them a good cleaning. Here in the South where the warm season is longer and where there is more need for screens the year round, screens are usually left up.

Wherever a homemaker lives, she must give some thought to the care of screens to make them last longer and look better. She must think about preserving them from rust and cleaning and painting them.

CARE OF SCREENS

All screens need to be taken down occasionally and scrubbed with a stiff brush and soap suds or scouring powder, rinsed with clear water and dried thoroughly.

Kinds of screens. In buying new screens or replacing old ones, remember that bronze or copper wire screening will last almost indefinitely. Galvanized wire is reasonably durable if painted at fairly frequent intervals, but cheap iron wire will rust in one season unless it is painted.

Screens made of copper or bronze wires will not rust or corrode, but they do need to be brushed well once or twice yearly. They do not need painting except to prevent stains.

The "drip" from bronze or copper screening may cause a green stain on the white painted frame. To prevent this, after a good cleaning, wipe screens with turpentine. Then give the screening a coat of good spar varnish thinned with an equal amount of a mixture made by combining equal parts of linseed oil and turpentine (1/2 varnish and 1/2 linseed oil and 1/4 turpentine).

Spar varnish is a durable var-

nish designed for severe service on exterior surfaces, where such a varnish must be resistant to rain, sunlight and heat.

It is named from its suitability for the spar of ships. Painting Iron Wire Screens. To paint cheap iron wire screening use a special screen enamel put out by several reputable paint companies. It may be either clear or in color.

Take up only a small amount of paint on the brush and dab rather than stroke with it to guard against film bridges across mesh. Paint one side thoroughly then paint the other side.

Special screen enamel should not clog the mesh, should dry hard and smooth and should give a surface that does not collect dust.

Paint galvanized wire screens once a year. Aluminum-washed screens should not be painted. Remove dust occasionally with a soft brush.

Zinc Dust Paint. One paint company offers a zinc dust paint for painting screens that will "absolutely stop" rust staining for about four years. The natural color of zinc dust paint is medium gray, but it takes tints very easily. For instance, you can tint it to a copper color by adding only 3 1/2 teaspoonsful of Burnt Sienna to a quart of paint.

Or you can tint it to a dark green or practically a black with the same amount of Chrome green dark or lamp black. Zinc dust paint makes a good finish coat in itself so all you need on screens is one coat and nothing over it.

W. F. BOND, Commissioner State
Department Public Welfare

By W. F. Bond, Commissioner State Department Public Welfare
The Welfare Department in addition to its regular duties is required by law to perform certain special services, one of which is to cooperate with the Governor, Parole Board, and the Superintendent of the State Penitentiary in the matter of prisoners being considered for release under the new parole law. The facts about a would-be employer of a parolee are submitted to the Parole Board for its consideration in determining whether or not such applicant meets the qualifications one should have who is to employ a parolee. Every parolee is required to visit once a month

either the sheriff or the county welfare agent of the county to report on how he is getting along and for encouragement and advice in his effort to become a good citizen again. The parolee's family and friends are interviewed before he leaves the penitentiary so that he will receive a cordial welcome when he returns home. In fact, everything possible is done to encourage those

who have made a mistake to succeed as they attempt to travel the come-back train. A report on every parolee comes to the State Welfare office every month. In August 1951 there were 510 State parolees under supervision and 159 from other states under interstate agreement. It is safe to say that penitentiary affairs are better today from every standpoint than they have been at any time in the past.

26,000 New Rural Telephones Help Mississippi Farm Production

Whenever our nation needs to produce more, we are able to call upon our great resources of mechanical equipment... more man-hours at lathes and presses; harder work with tractors, cultivators and harvesters combine to get the job done!

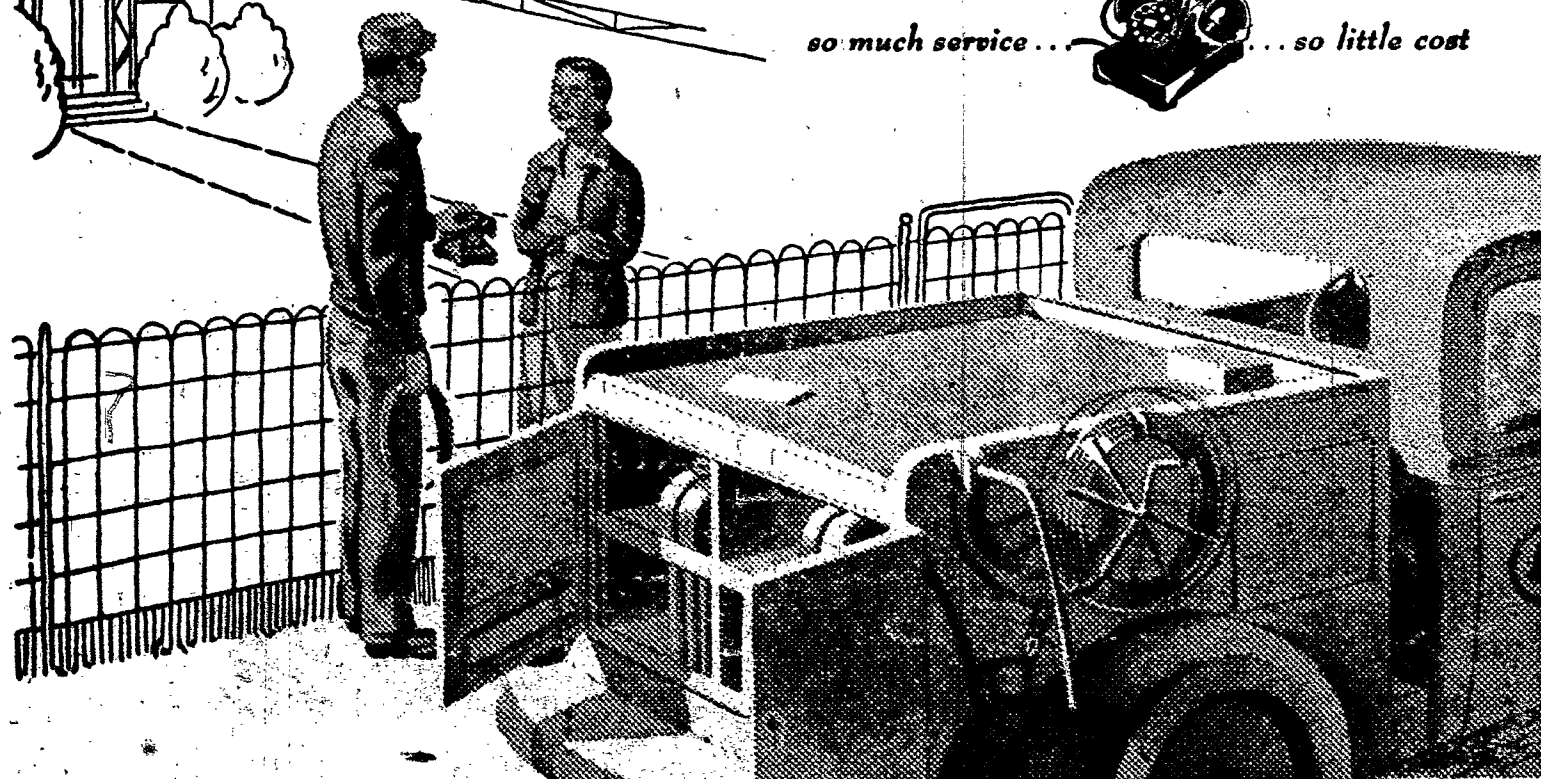

And another great asset in time of national need is our communication system... Today, across the nation, in cities and on farms our great telephone service is helping millions of people to get more work done in less time.

Here in Mississippi, a great 5 year construction program by Southern Bell has provided an additional 26,000 rural telephones to link our farm homes to sources of supply and demand. For those additional telephones we had to secure 8 million dollars of new capital from investors!

That great outlay is proof that Southern Bell has the will to expand and improve rural service in Mississippi... The demand is there, too... but telephone rates must be always sufficient to pay the costs of maintaining and operating our system and yield a sufficient rate of return to attract investors, from whom we must secure the capital we need to extend and improve our service in the rural areas of our state, and the cities as well.
